

Ismael POUANSI KOLOKO

Palaiseau, France

☎ +33 7 80 87 54 35 • ✉ ismael-christian.pouansi-koloko@polytechnique.edu
🌐 <https://linkedin.com/in/ismael-pouansi> • 🌐 ismael-Ing-1

Applied Mathematics, Computer Science & AI student at École Polytechnique.

Education

École Polytechnique (France's top leading school)

Palaiseau, France

2025 – 2028

- Engineering diploma, « Cycle Ingénieur Polytechnicien », focusing on Applied Mathematics, Computer Science and AI
- Advanced coursework in Mathematics, Physics, and Computer Science
- Holder of the École Polytechnique Foundation Excellence Scholarship

École nationale supérieure polytechnique de Yaoundé (Cameroon's top engineering school) Yaoundé, Cameroon

2022 – 2025

- Computer Science training at Cameroon's first engineering school, with a specialisation in Software Engineering

Projects

High-Dimensional Numerical Integration

École Polytechnique, Paris

2025

- Implemented and benchmarked three numerical integration methods in Python (Riemann sums, adaptive quadrature, Monte Carlo), building estimators' confidence intervals via the Central Limit Theorem

Collective Scientific Project (PSC) – ETA Prediction for CMA CGM

École Polytechnique, Palaiseau

2025 – Present

- Developing deep learning models to predict vessels' Estimated Time of Arrival from AIS trajectory and fleet data, so CMA CGM can fine-tune vessel speeds to cut fuel consumption and CO₂ emissions
- Building a classic machine-learning baseline, then comparing sequential and spatio-temporal deep models to beat manual estimates on short horizons

Professional Experience

Cordée de la réussite, Lycée Suger

Saint Denis, France

Sep 2025 – Mar 2026

- Mentored high school students in mathematics and physical sciences, supervising their scientific projects
- Promoted equal opportunity and scientific outreach by building problem-solving skills and self-confidence

Intelligentsia Corporation

Yaoundé, Cameroon

Jul 2023 – Jul 2025

- Delivered intensive tutoring in advanced mathematics and physics to seniors aiming for top engineering schools
- Provided personalized career counseling and school-selection guidance aligned with each student's profile

Certifications

- **Advanced Learning Algorithms** — Andrew Ng, Coursera (Jul 2026)
- **Supervised Machine Learning: Regression and Classification** — Andrew Ng, Coursera (Jan 2026)

Extracurricular Activities

Competitive Football Player – Midfielder

Red Star du Mfoundi, Yaoundé

2020 – 2022

- Played competitive-level football in a youth academy, building discipline and leadership under regional competition pressure

Skills & Interests

- **Languages:** French (Native), English (Intermediate), Chinese (Beginner)
- **IT Skills:** Python, C++, Java
- **Interests:** Football, basketball, volleyball, badminton, swimming, anime, cooking, drawing, Rubik's cube
